

## **EUCALL's Programme for exchange of experience staff & user workshops**

### **EUCALL Milestone MS10 / MS3.2**

Graham Appleby, European XFEL Facility  
16.09.2016

On 2 September 2016 the EUCALL Steering Committee agreed on the following activities regarding the cross community exchange of experience, e.g. through staff workshops or user meetings:

**June 2017** - Workshop about Dynamic Compression at ESRF

**2nd half 2017** - Workshop for RI operators about user access and user support at a user facility

**1st half 2018** - User workshop about "Topic X" at Advanced Laser Light Sources (for example Structural Biology)

**1st half 2018** - Workshop for RI operators about best practices for Technology Transfer / Support of Innovation at Advanced Laser Light Sources
